

EASTER GREETINGS
& BEST
WISHES

APRIL 2009
SUNRISE NEWS UPDATE

With the generous support of the Jerusalem Expat group and the Rotary Club, Windsor Canada, the Sunrise group has been able to expand their activities and include even more women than before!

The women attending the cancer support group activities come from diverse areas and it is important we reach out to them as much as possible. Access is often a problem so we endeavor to hold meetings in various areas so women can participate in these important gatherings.

The next Sunrise meeting will be a combination of an outreach lecture /group presentation and an outing to Dura, south of Hebron on 7th May.

Since the beginning of 2009, support group meetings were held at:

In January at the Jerusalem Hotel, 14 women attended

In February at Banana land, Jericho, 16 women attended

Legacy Hotel, Jerusalem 23 women attended. Ten women joined the meeting from Gaza!

FREE Mammography Screening was offered in March to celebrate International Women's Day.

From time to time women come to the Centre for mammography but the cost is a burden for them. Since January, with the funding we received we were able to help 8 women from the West Bank!

Latest news:

- > Our website should be ready in a few weeks and 'Sunrise' has a new email address! Sunrise@pfsjerusalem.org
- > See our page on www.Facebook.com : Look for Patient's Friends Society-Jerusalem (www.pfsjerusalem.org)
- > NEW! We are a member of the US-Middle East Partnership for breast cancer awareness and research. You can join too: www.bcpartnership.org
